

DEMOCRATS IN  
INSURGENT PLAYFifty-two Join With Republicans  
in Amending Bill.

## MINORITY FACTIONS UNITE

Progressive and Regular Republicans Join Hands in Adding Provision for Congressional Expenses to Measure Providing for Publicity of Campaign Contributions—Bill Passes by Unanimous Vote.

Washington, April 15.—Progressive and regular Republicans gave Champ Clark, the new speaker, and his Democratic lieutenants a taste of "insurgency." For the first time since the special session began the Democratic leaders experienced feelings akin to the heartaches that possessed the Cannon organization in the last congress when the Republican progressives took to the warpath.

The Democratic leaders had their troubles over the Rucker bill which provides for publicity of campaign contributions before as well as after elections. The bill was passed before the house adjourned, but the process was marked by incidents that demonstrated conclusively that there are Democratic "insurgents" as well as Republican "insurgents."

On one vote, which was regarded as vital by the Southern Democrats, who are the potential leaders in the Democratic organization in the house, fifty-two of the followers of Champ Clark joined with the Republican minority in forcing through a proposition that was disapproved by the majority leaders.

## Minority Presents Solid Front.

The Republicans were united. Davis, Anderson and Lindbergh of Minnesota, recognized as "irreconcilables" among the progressives, fought shoulder to shoulder with Cannon and Mann, standing by the organization through thick and thin.

Representative McCall of Massachusetts offered an amendment to the Rucker bill providing that after the initial statement of contributions had been made by a political committee ten or fifteen days before an election daily accountings of receipts should be made up to the day the polls were opened. This was opposed by the Democrats. It had the united support of the Republicans.

The specter of federal interference with elections was the cause of all the excitement among the Democrats. This bugaboo was introduced into the discussion by Representative Jackson of Kansas, a Republican progressive who acknowledged the leadership of such men as La Follette, Murdock, et al.

Mr. Jackson bounded into the scene unexpectedly, with the entire Republican minority at his heels, and before the Democratic leaders could rally their forces fifty-two of their number joined with the new leader from Kansas in the attack.

## Substance of Amendment.

The Jackson amendment provided in substance that every candidate for congress in primaries and that every candidate for congress in elections should file a statement with the clerk of the house of representatives "of all moneys or things of value received from any source and used by him in any way" in the conduct of his campaign. To fifty-two Democrats and the Republican minority this looked like a publicity entirely in harmony with the principles of the Rucker bill.

Down South, where the real fights for congress take place before the elections, Republicans charge a good deal of money is spent. This thought was injected into the debate by Republican orators.

The presentation of the Jackson amendment threw confusion into the ranks of the Southern leaders. They were stampeded for the time. The amendment was put to a vote and was carried—172 to 131. The announcement of the result aroused the Republicans to great enthusiasm. They hooted and howled with glee and shouted derisively at the Democrats.

There is no opposition to the principle in the Rucker bill. This was demonstrated on its final passage. Not a negative vote was cast. All of the members present—303—voted for it.

## LADING BILL REINTRODUCED

Measure Would Prohibit Roads From Granting Rebates.

Washington, April 15.—The Stevens uniform bill of lading, which passed the house in the last congress, but failed in the senate, has been reintroduced by the St. Paul representative. The measure authorizes the interstate commerce commission to prescribe a new form of bill and fixes responsibility on the railroads for the delivery of commodities named in all bills of lading issued under the terms of the proposed law.

The charge has been made that under the present system the railroads are enabled to "juggle" bills of lading in such a way, at times, as to permit of the payment of rebates.

Uniformity in bills and a supervision over their issuance by the commission, it is believed, will correct abuses now complained of by the shipping public.

ROBERT W. SPEER.

Friends of Denver Mayor Plan  
to Break Senatorial Deadlock.

## PLAN TO BREAK DEADLOCK

Speer's Friends Would Reconvene  
Democratic Convention.

Denver, April 15.—If the followers of Mayor Robert W. Speer of Denver, candidate for United States senator, can induce fifty-one members of the legislature—a majority in joint session—to sign a petition to Democratic State Chairman Bradley he will be requested to reconvene the last Democratic state convention for the purpose of endorsing a candidate for the senatorship.

An endorsement of this kind, it is believed, would be equivalent to election, as the Democrats have sixty-six of the 100 members of the legislature.

ST. PAUL ENTERTAINS  
COLONEL ROOSEVELTFormer President Discourses on  
Live Issues of the Day.

St. Paul, April 15.—St. Paul was host to the country's first private citizen—Colonel Roosevelt. He arrived on time and he left on time. He was welcomed cordially by thousands upon thousands of people, lined up along all the streets that he traversed in the course of his journey, first from the Union station to the St. Paul hotel, where he was tendered a reception and given a dinner, and from there to the state capitol, where he spoke for nearly an hour to the members of the legislature of Minnesota and their guests.

He was given the president's salute of twenty-one guns upon his arrival on a Northern Pacific train. He was escorted to the Saint Paul by Governor Eberhart, committees of distinguished citizens of the state and by companies of the national guard in heavy marching equipment.

The popular election of United States senators, the initiative and referendum, the recall, the primary, the workmen's compensation act and the state control of water powers—all measures now pending before the Minnesota legislature—were given the strong approval of Colonel Theodore Roosevelt in his address to the members of the legislature and their friends in the house chamber.

## BILL LAID BEFORE HOUSE

Debate on Reciprocity May Continue  
Three Days.

Washington, April 15.—The Canadian reciprocity bill was laid formally before the house just before adjournment and after general debate, which probably will continue for three days, it will be passed. The Democratic house in its conduct of the resolution providing for the direct election of senators, which passed, and the bill providing for the publication of campaign contributions, which also passed, has indicated beyond all doubt its ability to put through its legislative programme.

Chairman Underwood of the ways and means committee called up the Canadian bill. While no time was fixed for general debate a motion was adopted dividing whatever time is consumed between Mr. Underwood, who reported the bill, and Representative Dalzell of Pennsylvania, the Republican member of the ways and means committee who will lead the opposition to the measure.

TAFT EXPECTED  
FALL OF DIAZIt Was Feared That Anarchy  
Would Follow.

## CAUSE OF MILITARY MOVE.

Troops Were Hurried to Texas Ready to Cross the Rio Grande if the Occasion Demanded—Four Democrats and Four Republicans Will Bear Brunt of Congress Battles.

By ARTHUR W. DUNN.

Washington, April 15.—[Special.]—President Taft ordered the troops to the Mexican border because his information from Mexico was to the effect that the Diaz government was tottering to a fall; that anarchy would follow the disruption of the Diaz power; that lives of American citizens were in jeopardy and that their property would be destroyed. He wanted to have the troops near enough to protect the lives and property of American citizens and to prevent a reign of anarchy in Mexico.

Different statements have been made as to the purpose of the troops on the border, but it seems probable that this is the actual fact. Certainly it is not a fact that they were sent there for maneuvers, as first given out, or that they are there to patrol the border and prevent the filibusters furnishing arms to the revolutionists, for two regiments would have been all that was necessary.

## Ready to Cross Rio Grande.

Beyond question the troops were sent to protect American lives and property in Mexico and to prevent a reign of misgovernment. If the time comes when it is necessary to do so they will cross the Rio Grande.

The president and those close to him believe that the country will justify everything that has been done as soon as all the facts are known, and it is not considered courtesy to Mexico at this time to make public the situation as here stated.

## The Lineup in the House.

As we say in football, here is the lineup in the house as developed up to the present time: On the Democratic side are Underwood of Alabama, Fitzgerald of New York, Henry of Texas and Sherley of Kentucky. They may be called the big four in the front line of battle.

On the Republican side Mann and Cannon of Illinois and Dalzell and Olmstead of Pennsylvania will bear the brunt of battle as the first four. Of course both sides have some very fine skirmishers and good fighters ready for the fray and at hand when called upon. But these eight will be the most conspicuous in the political battles of the Sixty-second congress.

## Joe Bailey's Power.

No greater sensation was created on the closing day of the last congress than the resignation of Senator Bailey because his party voted against him in favor of the admission of Arizona with her constitution containing the initiative and referendum and the recall of all officers.

And yet Bailey's power in his party was demonstrated when he named his man for the minority leader against the opposition of the progressive Democrats and the influence of Bryan, who was on the ground at the time.

Mondell's Appalachian Speech.

Congressman Mondell of Wyoming and Congressman Lawrence of Massachusetts had been "joshing" each other, and finally Lawrence said:

"Well, I tell you I came to the conclusion that Mondell is all right. That was when he consented to vote for the Appalachian and White mountain forest bill."

"And a few minutes after I had made that promise," said Mondell, "Senator Burton of Ohio came to me and said: 'Mondell, I want to get a copy of that speech you made against the Appalachian and White forest bill. The matter is coming up in the senate, and I want to oppose it. I consider that speech the best yet made in opposition to it. The facts as to why that reservation should not be created are more forcibly and compactly stated in your speech than in any document I have seen.' I gave him a copy of the speech," concluded Mondell, "and he made a strong argument against the bill. And he was right."

## Must Come in Together.

New Mexico and Arizona must travel the statehood route together. They have been coupled with each other for many years, about half a century in fact, and the Democrats do not propose that New Mexico shall be admitted unless Arizona also becomes a state at the same time.

Chairman Flood of the house committee on territories has introduced a joint resolution to approve both constitutions. This will be one of the measures passed by the present house.

## Their Jewish Constituents.

Four New York city men have introduced resolutions for the abrogation of our treaty with Russia. Harrison and Goldfogel did the unusual thing of jointly introducing a resolution. Sulzer and Calder both have resolutions tending to the same end.

The treatment of Jews by Russia is one reason for this action, especially the manner in which Jewish citizens of the United States are treated when they go to Russia.

Street Pessimism.

New York, April 15.—John W. Gates, who has been looking after his interests in Texas for the last several weeks, is at his office again. Mr. Gates takes a hopeful view of the situation, laying particular stress upon the excellent crop outlook in the Southwest. Mr. Gates said:

"Wall street appears to be a very blue spot at the moment, but there is every indication of bountiful harvests and this cannot result otherwise than changing pessimism into optimism in time. In the West every one is preparing for big harvests, based on the very favorable weather conditions that have prevailed. The situation in Texas is the best in the history of the state. The distribution of moisture is more than for a long time.

"Wall street may be blue but fundamental conditions are sound everywhere."

## FREE LIST FINDS SUPPORT

Removes Some Objection to Pending  
Canadian Reciprocity.

Washington, April 15.—Republicans from the Central West find very little complaint with the farmers' free list bill, presented to the house by the Democratic leaders. Some of the items in that bill, such as free lumber, these Middle West Republicans voted for when the Payne tariff bill was being considered two years ago, and at this time they do not see much objection to some of the other items such as free flour and free meat. The Republican progressives in the senate find much to commend in the bill, for it goes far toward meeting the objection urged by them to the pending Canadian reciprocity agreement.

## SALOON MEASURE IS SIGNED

Iowa Governor Approves Measure Af-  
fecting Des Moines.

Des Moines, April 15.—Governor Carroll signed the Fraley bill legalizing the signatures on the Des Moines saloon petitions of consent which had been acknowledged by a notary whose commission had expired. This is the bill which the governor refused to sign unless the house and senate should pass it a second time with full knowledge of its import. This was done.

## FATAL QUARREL OVER TOP

Missouri Boy of Twelve Stabs Com-  
panion to Death.

Columbia, Mo., April 15.—A quarrel here over a top resulted in Columbus Acoff, twelve years old, stabbing and killing Ray Hawkins, eleven years old. After the killing Acoff went to Hawkins' mother and tearfully told her he had slain her son. The knife blade entered the boy's heart. Acoff was arrested, but no charge has been placed against him.

## Rail Schedules Suspended.

Washington, April 15.—In an order served on 250 railroads the interstate commerce commission further suspended schedules, granting through rates to tap lines until June 1. Most of the railroads affected operate in the Southwest.

## Dix Favors Income Tax.

Albany, N. Y., April 15.—Governor Dix believes New York's legislature should ratify the proposed income tax amendment to the federal constitution and proposes to use his influence to bring about the result speedily.

## FISHERMEN REPORTED SAFE

Two Harbors Men Delayed Three  
Days by Heavy Gale.

Two Harbors, Minn., April 15.—Helge Johnson, Otto Olson and Nels Swanson, local fishermen, who left here recently for Isle Royale, reached their destination safely after a rough voyage, according to a letter received by Mrs. Olson, mother of Otto, which disproved the report that the fishermen had perished.

They were delayed three days and four nights at Susie island.

WALKOUT MAY  
BE THE RESULTSt. Paul Railway Mail Clerk Is  
Discharged.

## ACTIVE IN FORMING UNION

Men Will Take Diplomatic Steps to Secure His Reinstatement, Failing Which the Entire Force in the Northwest May Resign in a Body. Situation Is Critical as the Clerks Feel They Are Not Being Treated Fairly.

St. Paul, April 15.—Unless Carl C. Van Dyke, who was discharged from the railway mail service on order of Postmaster General Hitchcock for his activities in planning an affiliation of the newly formed secret order of the mail clerks with the American Federation of Labor, is reinstated there is every chance that the Brotherhood of Railway Postal Clerks, the new organization, will strike.

This statement comes from a railway mail clerk whose connections are such as to give him the "inside track" on all matters concerning the postal clerks.

"Our new organization will tender its resignation in a body," declared this clerk, "unless Mr. Van Dyke is reinstated. The situation, although quite tense a few months ago, has never been strained to the point it is now. Van Dyke was merely a worker for justice to the clerks of the United States at the hands of the postoffice department. He demanded the abolition of the gag rule whereby an employee of the railway mail service cannot voice a complaint except to his superior officials.

"Another thing he demanded was sound and sanitary cars. Everything that was reasonable was asked for by Van Dyke and it was because of his activity that he was removed from the service. If we receive a vote of three-fourths of our members all will walk out in accordance to our constitution.

## Ask Congressional Aid.

"Before taking any hasty action, however, it is our desire to have congressional influence brought to bear on the postmaster general to have Mr. Van Dyke returned to the service. If this is not done the railway mail clerks of the Northwest cannot vouch to the department for any future action."

Trouble here might affect the entire mail service, because the railroads from Chicago to the Twin Cities are the connecting link between the East and Northwest. All this mail would have to be diverted to more Southern routes, which would in turn involve a delay.

Removal of Van Dyke, leader of the insurgent mail clerks of the St. Paul division, reveals the plan of Postmaster General Hitchcock to eliminate all possibilities of affiliation, according to the interpretation made by the mail clerks.

All those who are active in forming a union will be discharged summarily from the railway mail service, but at the same time will be tendered appointments, should they so desire, to postoffices where they make their home. This postoffice position, however, is at a greatly reduced salary.

## HEALTH NOTES

It is about time in the interest of common decency if not for other reasons, that the spitting ordinance should be enforced in Brainerd. Our sidewalks are a disgrace to the town, a menace to health and disgusting in the extreme and the stairways of our public buildings are unfit for a woman to go up and down. If our city council have any doubt about the necessity of enforcing this ordinance I would suggest that they walk down Main street next Sunday evening. In New York City spitting on floors or sidewalks is punishable by a fine of five hundred dollars or imprisonment for one year, and they claim that tuberculosis can be entirely eradicated from that state by 1915.

Any law so conducive to health and cleanliness should certainly be enforced.

There is a plan on foot to cover by automobile the country districts of Minnesota for anti-tuberculosis propaganda. The automobile will be accompanied by two persons. Portable exhibits and literature will be carried and short addresses will be made. The meetings will be held in public buildings especially school houses.

A feature was getting, for the first time outside office experiments, telephone connection with Denver, 2,200 miles away.

Bethell's entertainment was probably one of the most varied ever given by means of the telephone. He had chats with Washington, Boston, Detroit, Chicago and other cities.

MILITARY RESTORES  
ORDER AT MUSCATINENo Further Outbreaks in Iowa  
Button Workers' Strike.

Muscatine, Ia., April 15.—There was no further disorder in Muscatine. The militia ordered here by Governor Carroll has full control of the situation.

The 400 khaki clad members of the national guard, under the command of Major Bell of Iowa City, patrolled the streets in the business district and in the vicinity of the factories, but except in rare instances experienced no trouble.

Adjutant General Guy E. Logan arrived in the city and assumed charge of the military. No formal proclamation has been issued by the state authorities declaring the city under martial law, but it is understood that the arrival of two carloads of liquor in the city may precipitate that move in order that the guard may seize and confiscate the cargo.

The button manufacturers have refused to meet the demands of the strikers and instead are reported to be making a strenuous campaign to induce a sufficient number of the former employees to come back to break the force of the strike.

## BILL TO RAISE SALARIES

Davis and Cary to Introduce Measure  
for That Purpose.

Washington, April 15.—Representatives Davis of Minnesota and Cary of Wisconsin are preparing a bill, which they will soon introduce, proposing an increase in the compensation of all government employees. It will be a modification of the bill on the subject offered in the last congress by Cary.

That measure provided an increase of 25 per cent in the salaries of government employees receiving \$2,500 a year or less. The rate of increase will be reduced in the Davis-Cary bill. There is a disposition in congress to revise the federal payroll, but doubt is expressed that the Davis-Cary bill will be passed at this session.

## BRYAN CRITICISES MARTIN

New Minority Leader, He Says, Is an  
Aldrich Reactionary.

Lincoln, Neb., April 15.—William Jennings Bryan in his commoner hangs the Aldrich sign on Martin, the new minority leader in the senate. He says:

"The senate Democrats have decided to put an Aldrich Democrat in charge of the organization in that body. Senator Martin of Virginia is the first Democrat party what Aldrich was to his party and his election was the first unfortunate one of this session. The chief argument in his favor was seniority, but most of those who voted for him did so because they are themselves reactionary and are not in sympathy with the progressive legislation now demanded by both Democrats and Republicans."

embark at San Quintin.

## TO REPULSE REBEL ATTACK

Warship Shearwater Sends Men Ashore for Brief Period, but Threatened Revolutionary Attack Not Materializing the Force Was Withdrawn. Washington Officials Declare Numerous Precedents for Landing Exist.

Washington, April 15.—A force of thirty men and a Maxim gun from the British man-of-war Shearwater were landed at San Quintin, Mex., to protect that town against a threatened attack of insurgents. The revolutionary movement, however, did not materialize and the Britishers and the gun were withdrawn.

This, the first actual landing of foreign forces on Mexican soil in connection with the present revolution, was reported to the state department in a telegram from American Consul Schmucker at Ensenada. The telegram did not state just when the landing occurred.

When all danger to San Quintin from the insurgents had passed the Shearwater sailed for Ensenada, where its commander advised the American consul of the action he had taken at San Quintin for the safety of the town. San Quintin is a port of Lower California, about 125 miles south of Ensenada.

The state department also was advised that the revolutionists had occupied Cuatla, near Puebla, and Paraiso, in the state of Tabasco.

## OCCURRENCE NOT UNUSUAL

Numerous Precedents for Action of  
British Warship.

Washington, April 15.—State department officials said that the landing of the British force was not an unusual occurrence in connection with internal disturbances in Latin-American countries. They declared that numerous precedents for the procedure of the Shearwater could be found.

## WILL PROTECT AMERICANS

President Taft Sends Warning to  
Federalists and Rebels.

Washington, April 15.—President Taft is determined that battles between Mexican federalists and insurgents shall not be fought on American soil. He is equally determined that the lives of American noncombatants shall not be endangered by the forces of President Diaz and those of General Madero. Future combats between the rebels and the forces of the Mexican government must not be fought out so close to the American line as to put in jeopardy the lives and property of Americans.

Through the state department the president notified the Mexican government that it must see to it in the future that no such unfortunate incident as that at Agua Prieta, near Douglas, Ariz., when two Americans were killed and eleven wounded, be allowed to occur. Through the war department and through the department of justice the president sent the same sort of warning to the leader of the insurgents at Agua Prieta.

## ARMED REBELS HOLD TOWN

Insurrectos Plan to Establish Head-  
quarters at Agua Prieta.

Agua Prieta, Mex., (via Douglas, Ariz.) April 15.—In full possession of 600 armed rebels the town of Agua Prieta the principal port of entry between El Paso and the Pacific, is to be made the headquarters of all rebel operations in the state of Sonora.

It is openly declared by the rebel commanders that they expect to establish here a provisional government for Sonora and that the insurgents offer for this purpose are now in Douglas waiting for the word to cross the line.

With Red Lopez and his band holding the town, following its capture, the rebels are rushing their troops toward this place from the east, west and south. With their men all assembled they expect to have a fighting force of 1,500 men.

## Would Repeat Amendment.

Washington, April 15.—A bill was introduced in the house by Representative Hardwick of Georgia providing for a repeal of the fourteenth amendment to the Constitution. The measure seeks to prevent congress from limiting the representation of the Southern states because of the disfranchisement of the negro, which curtails the voting population of the states.

## Open With Religious Service.

La Harpe, Kan., April 15.—The sessions of the La Harpe city council will be opened with religious service if the plans of Mayor Elect Peter W. Jurey are carried out following his inauguration next Tuesday night. The order of service, Mayor Elect Jurey said, he had not determined. "But it will be one of worship if influence of mine can bring it about," he said.

A surprise party was given J. H. Haas, of 404 Quince street, last evening on the occasion of his birthday. A large number of neighbors and friends, including some out of town guests, were present. The evening was spent in dancing and in playing cards, "500" being the game. The music was furnished by Messrs. Frayer and Walburn. Card prizes were won by D. L. Frayer and Mrs. E. Sargent. A fine luncheon was served and all spent a very pleasant evening. Mr. Haas was the recipient of a beautiful present from his guests which, he said, he would prize very highly.

Sincerity Clothes

EASTER

No matter how carefully you dress on other days of the year, Easter Sunday always calls for your best. It's splendid foresight to make Easter preparations early so as to secure the best.

Sincerity Clothes

are easy to see and not hard to buy.

Positively, there must be lines to your clothes which will emphasize your youthful, lithe figure and reflect your personality. Have you been able to find such clothes? Have you at times thought you had found them, only to find you hadn't? Clothes or no clothes, you'll surely be wanting an Easter hat, tie and other new toggery, all are pleasingly priced.

## EASTER SERVICES IN CITY CHURCHES

Easter Sunday Will be Celebrated in all the Churches of Brainerd Tomorrow

### ELABORATE PREPARATIONS MADE

Special Services and Eloquent Sermons Will Usher in the Glad Eastertide

All churches of the city will vie tomorrow in the celebration of the glad Eastertide. Churches have been decorated for this feast day of the religious calendar. Special services will be held and music, organ and vocal, will in many cases be a great feature and rivalled only by the eloquent sermons of the pastors. Devout worshippers will attend their respective churches in large numbers, signifying by their attendance the universal observance of this day by all of Brainerd's churches. The Dispatch prints herewith some of the programs as announced for various churches.

#### First Methodist Episcopal church MORNING SERVICE

#### MRS. I. RITARI PASSES AWAY

Died Last Night at Local Hospital Following an Operation For Cancer

Mrs. Sanna Ritari aged 66 years, the wife of Israel Ritari, of 1123 Norwood street, died last night at a local hospital following an operation for cancer. She had been sick all winter and it was with a thought of alleviating her sufferings that she was sent to the hospital where it was decided, as a last resource, to operate and endeavor in this way to cure the cancerous trouble.

The deceased came to Brainerd with her family from Finland about seven years ago and they settled in Southeast Brainerd. She was a devout and earnest member of the Finnish Lutheran church and an effort will be made to have the Superior, Wis., minister of this faith officiate at the funeral, the date of which cannot be announced until he can be communicated with.

She leaves a husband and four sons and one daughter, the children being Ernest, Arvig, William and Nels Ritari and Mrs. Joseph Baak-konen, of 416 South 12th street. Their many friends extend their sincere sympathy to the family in their hour of bereavement.

#### DRUMMERS ORGANIZE

Social Organization is Formed in This City by the Knights of the Grip

There has been formed in this city a social organization of the traveling men who reside in Brainerd or who make their headquarters here and the object of the club is to unite the knights of the grip, to mutually protect each other and to make their complaints or "growls" more effective when backed by a body like this when uttered individually.

The following officials were chosen, but none would divulge the meaning of the mysterious letters preceding the names of the officers.

C. W. D.—Charles Oppel.

G. of B.—Walter Ellis.

A. D. M.—W. F. Kunitz.

C. G.—W. F. Orcutt.

Among those on the charter list are Messrs. George Hilliard, C. P. Cocks, William P. Cruise, S. B. Christopher, Percy Young, L. M. Shulstad, E. M. Myhra, E. H. Scott, Harry Mathews, Gus Newgard and Frank Wright.

The club makes no bones about the matter when it states that it will endeavor to get the N. P. local to stop at Deerwood and not skip through, as it sometimes happens, and leave a drummer marooned in Deerwood until the midnight passenger heaves in sight.

Considerable growling has been done about short bed sheets, towels and pillow cases and a committee has been selected to draw up a polite ultimatum and present it to some of the offending hotels.

As one enthusiastic member of the club expressed it: "Believe me, fellows, it's much more effective to do your growling or roaring in a bunch than individually."

## AUTO OWNERS AND DRIVERS ORGANIZE

Preliminary Meeting is Held Last Evening at the Brainerd Auto Co's. Garage

### AN ENTHUSIASTIC MEETING

Committees on By-laws and Organization are Appointed—Next Meeting April 19th

An enthusiastic meeting of the automobile owners and drivers of the city was held last evening at the Brainerd Auto Co's. garage on South Seventh street.

E. C. Bane was selected as temporary chairman and P. W. Donovan as temporary secretary. The meeting was called to effect an organization of the automobile owners and drivers of the city, to promote good roads in the country and good streets in the city, to map out the best routes in the county and vicinity as a guide to autoists of other cities and to affiliate with the automobile clubs of other cities. The Duluth Automobile Club has recently published a comprehensive road map of Duluth and vicinity which proves an admirable guide for owners and drivers and also serves to advertise the Zenith City.

On motion, the chair appointed a committee on by-laws consisting of Messrs. J. P. Ernster, F. A. Farrar and P. W. Donovan.

The committee on organization numbers James M. Elder, E. C. Bane and Henry Rosko of this city, and H. J. Hage of Deerwood.

It will be the aim of the society to enroll the names of all autoists in the county. The next meeting will be held on April 19th, when the permanent organization will be announced.

### Saved His Mother's Life

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c at all druggists.

### EASILY DECIDED

This Question Should be Answered Easily by Brainerd People

Which is wiser—to have confidence in the opinions of your fellow citizens, of people you know, or depend on statements made by utter strangers residing in far-away places? Read the following:

Mrs. C. Sundberg, 1504 E. Pine St., Brainerd, Minn., says: "Doan's Kidney Pills have earned my grateful endorsement. I suffered for several years from backache and it not only made me uncomfortable while doing my work, but kept me from getting my proper rest at night. I was sometimes distressed by dizzy spells and often my feet and ankles were swollen. The doctors said I had kidney complaint, but their medicine failed to help me. A few months ago I was told about Doan's Kidney Pills and I procured a box at a local drug store. Since using them, I have had but little pain in my back and have been stronger and better able to do my work. If my experience will be the means of helping other kidney sufferers, I am glad to give a public account of it." (Statement given August 31, 1908).

RE-ENDORSEMENT—On October 12, 1910, Mrs. Sundberg was interviewed and she said: "I can still recommend Doan's Kidney Pills in the highest terms. This remedy has certainly been of the greatest benefit to me and it will always have my hearty praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Mr. Weilbacher leaves the city with regret, having been here practically a year and doing a remarkably good business, assisted in part by the comprehensive method of advertising which he carried on. The local agency for these lands has been delegated to a Brainerd business man.

Mr. Weilbacher was a brilliant pianist and his interpretation of many of the great classical composition was listened to with great attention by many an audience. He generously donated his time and services to many a lodge, church and Y. M. C. A. social or entertainment. In leaving, Mr. Weilbacher wished to express through the columns of this paper his thanks for the many courtesies shown him by Brainerd people.

In a few years the word "Linnhaven" will mean a household trade-mark for quality. It will be the same standardization of apples that "sterling" is to silver.

The fact that 500 acres have been sold in a short time proves the sterling value of the Linnhaven Orchards. Everyone that has seen the big 2,500-acre orchard claim it has not been overestimated.

### "RECIPROCITY WITH CANADA"

High School Debaters Will Argue Question at Assembly Room Next Tuesday Evening

"Reciprocity With Canada," the all absorbing question which has necessitated the calling of a special session of congress and has attracted more attention to the United States and to President Taft than anything the president has done since his administration was inaugurated and which, on the Canadian side is being discussed in parliament and argued in every community of our next door neighbor to the north, this momentous question will be taken up by the high school debaters on next Tuesday evening and we shall then know just where we stand.

In the selections of the teams in this debate the idea of an all girl team opposing an all boy aggregation has been done away with. One girl and two boys will oppose a like number.

On the affirmative side are Miss Caroline Barron, George Berggreen and Werner Lund. On the negative side are Benjamin Weber, Miss Ethel Angel and Earl Entriiken. The judges will be announced later. The program will be held in the large assembly room of the high school and will commence promptly at eight o'clock. A large audience is anticipated.

### At the Grand

The performance at the Grand for the balance of the week is one worthy of special mention and it is with out fear of contradiction one of the best in that line seen here in some time. The "Juggling Parrots" in their comedy oddity are very clever people and deserving of special mention. That jolly fellow Dick DeLains, the musical man, is far better than anything seen here before, his work being exceedingly fine and deserving of the applause he received at both performances last evening.

Special mention should also be made pertaining to the two feature films, "What Shall We Do With the Old?" is a greater problem than we realize at first casual thought. There is the pension for the soldier, but for the useful citizen wounded in the battle of life, nothing! A grand story in all its realism. Mr. Bumptious, Detective," is a parody, "The Black Bordered Letter" is a breezy comedy, full of snap and go from start to finish. Mr. Al. Mraz renders "I Am Going to Take the Train For Home Sweet Heart". The program is very long, lasting over one hour and half and will no doubt pack the house at every performance. For the balance of the week the performance starts at 7:30 and 9:10 P. M.

### Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

### Fatal Force of Habit.

Stranger (at Frozen Dog tavern)—Queer thing, Wild Eyed Pete shooting himself. Suicide, wasn't it?  
Barkeeper—Suicide nuthin'. Wild Eyed Pete happened to ketch himself cheatin' in a game of patience, thet's all.—Puck.

## Hair Help

Ayer's Hair Vigor has no effect whatever upon the color of the hair. It cannot possibly change the color in any way. But it promptly stops falling hair, and greatly promotes growth. Ask your doctor first.

## Neal Institute

Thousands of Patients Healed to Overcome the Drink Habit.

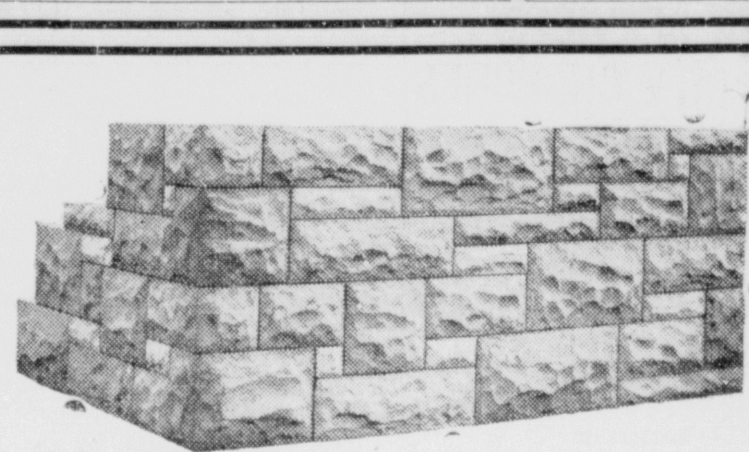

Dr. Neal's treatment for Alcoholism ranks high among the modern triumphs of Science. Individually he has treated and cured over three thousand men addicted to the liquor habit. His investigations have demonstrated that Alcoholism is not a disease but a poisoning. For Alcoholism Poison his treatment neutralizes its effect and eliminates it from the system, restoring the patient to his normal condition. Incredible as it may seem, this result is effected in three days' time. Moreover the treatment—the Neal Cure—has no injurious effects. There are no hypodermic injections of powerful and injurious drugs and no danger from blood poisoning. There are no debili-

ating results. It eradicates the poison of alcohol from the system, and replaces the craving for drink by a distaste for and aversion to it. The Cure is permanent, satisfactory and convincing evidence of the effectiveness of the Neal Cure will be furnished promptly on application.

Write for free booklet giving full information, also for a copy of contract and guarantee bond. Everything confidential. Bank references cheerfully furnished.

You can now build of concrete block and get the effect and pleasing appearance of the finest stone masonry.

We have purchased a Hobbs Ideal and an Anchor Block Machine equipped with the new composition Face Plates. These plates are a cast direct from natural stone and produce a block with a rock fact that has the grain, the sharp lines and the beauty of natural stone.

By using fifteen different sizes of these natural looking blocks and laying them up in the real Scotch Broken Ashlar we can get an effect that will surprise and please you.

When you see this work the slight extra cost is forgotten in the value of your building and the feeling of pride and satisfaction you will derive will more than satisfy you.

With our new machines we are not only able to produce finer appearing blocks than has ever before been possible but we can make hundreds of different sizes to fill any demand.

We can make our blocks very wet so that they will be waterproof and make them so strong that a pressure of 100 tons will not crack them. Every reasonable objection to concrete block is thus overcome and we cordially invite you to visit our plant and investigate.

Remember that concrete blocks costs no more than first class lumber construction and it requires no painting, no insurance, costs less to heat in the winter and is cooler in the summer.

If you are planning to build allow us to give you an estimate. It will be a pleasure.

NOW IS THE TIME to see us about building cement walks and curbing. As city cement contractors we have done much of this work and guarantee every bit of it.

Phone, write or see us about prices and estimates. We shall be pleased to figure on any kind of a job, large or small.
